POLICY POSITIONS

Encourages domestic investment to create economic growth and opportunity

- Promotes widespread growth focused on the middle and lower classes; supports domestic investment to foster small business entrepreneurship and technology to increase economic opportunity for the district; aims to tackle inflation through middle class and working family tax relief; hopes to gain public-private investment in affordable housing for the district

Emphasizing lowering healthcare costs and protecting children's well-being

- Supports the ACA, Biden's recent efforts to lower drug prices, and strengthening Medicare with the goal to provide universal healthcare with low costs and higher quality care; maintains legal and safe reproductive rights as a top health care priority; worked to create digital online citizenship curriculum at Common Sense Media to protect children's safety online; recommends investments in public education that create educational accessibility and support educators
